EL PASO, Texas — A 44 –year old male was arrested last Friday following an investigation by the Internet Crimes Against Children (ICAC) unit. Working on a tip from the National Center for Missing and Exploited Children, detectives from the ICAC unit and agents from Homeland Security Investigations executed a search warrant at 7700 Franklin on February 9th. Over a dozen electronic media devices were seized and searched. A search of the devices revealed numerous images of child pornography resulting in the charge against 44- year old Guillermo Esparza. Esparza was booked into the El Paso County Detention Facility.

“The repulsive exploitation of innocent children has no place neither in our society nor our communities and investigating these cases is a top priority for this office,” said Frank B. Burrola, special agent in charge of HSI El Paso. “HSI is most appreciative of the collaborative partnership with the El Paso Police Department, together with which we are laser-focused to ensure that child predators feel the full weight of the law.”
